Wineyard

A thousand years of tradition

We would be happy to welcome you in our winemaking village of Blatnička. Our wine cellar offers a cosy seating space by the blazing fire and the relaxed, friendly atmosphere of a wine bar. We will wine and dine you with delicious Moravian wines and mouth-watering local cuisine. Your visit can be combined with a guided tour of our vineyards, a pleasant occasion with a brief lecture on vine growing with practical demonstrations in the vineyards where a lookout terrace has been built for this purpose.
The MORAVIA wine region has excellent expectations with regard to the production of wine. Here you will find wonderful white wines with an interesting spectrum of scents and spiciness aided by the typical minerality and ample structure which the vine draws from the local soils and subsoils. This play of flavours is then underlined by a refreshing crisp acidity. In a similar vein red wines have also belonged in Moravia since time immemorial. Their taste profile has never been lacking in the terroir essence that accompanies their fruity character. Thanks to modern technological procedures Moravian red wines are changing – they are smoother and well balanced. The Southern Moravian landscape and its unique natural conditions form the basis for the singular and at the same time multifaceted character of the wines from this area.

Detenice (Middle Age Resort)

The Dětenice Château Resort consists of a château in the late Baroque style, Medieval Tavern, Château Brewery, Rustikal Hotel, Medieval Hotel, horse stables and our Malá Morava wine cellar. Originally, the château was to be renovated and made only partially open to the public. However, given its rich past and historic buildings of the former estate, the Dětenice Château Resort has been transformed into the resort that stands today. Gradual and extensive renovation of the individual buildings have been made and include future plans of expansion. The château was the first to be reconstructed, which was then soon followed by the brewery. Within the brewery is our Beer Museum, where you can taste some of the delicious and original beers. In 2003 the Medieval Tavern opened, the first in the Czech Republic, and as soon you walk in you feel as if you have been transported in the Middle Ages. This was followed by the construction of the Rustikal and Medieval Hotels, opening in 2009. There are also stables which were recently reconstructed, as well as an annexed tilt yard which is now used for our regular summer knight tournaments.
