Wineyard

A thousand years of tradition

We would be happy to welcome you in our winemaking village of Blatnička. Our wine cellar offers a cosy seating space by the blazing fire and the relaxed, friendly atmosphere of a wine bar. We will wine and dine you with delicious Moravian wines and mouth-watering local cuisine. Your visit can be combined with a guided tour of our vineyards, a pleasant occasion with a brief lecture on vine growing with practical demonstrations in the vineyards where a lookout terrace has been built for this purpose.

The MORAVIA wine region has excellent expectations with regard to the production of wine. Here you will find wonderful white wines with an interesting spectrum of scents and spiciness aided by the typical minerality and ample structure which the vine draws from the local soils and subsoils. This play of flavours is then underlined by a refreshing crisp acidity. In a similar vein red wines have also belonged in Moravia since time immemorial. Their taste profile has never been lacking in the terroir essence that accompanies their fruity character. Thanks to modern technological procedures Moravian red wines are changing – they are smoother and well balanced. The Southern Moravian landscape and its unique natural conditions form the basis for the singular and at the same time multifaceted character of the wines from this area.
